ZODIAC®

CORDLESS
ROBOTIC POOL CLEANER

SIMPLICITY **WITH TOTAL FREEDOM**

FREEDOM TO MOVE

OP 3220

PIXEL™

1 CORDLESS FREEDOM

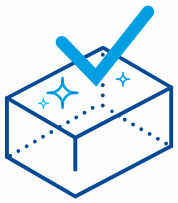

Free from its cord, PIXEL™ is **compact, lightweight and very easy to start up** with simplified handling and storage.

The **Lithium-Ion battery** gives it more freedom of movement when cleaning the pool, and you can see the battery charge level at a glance by checking its **LED battery indicator light**.

2 EFFICIENT FLOOR AND WALLS CLEANING

It effectively cleans the floor and the walls of above-ground pools and small in-ground pools without compromise in a **2 h - cycle**. Thanks to its 150-µ filter and brush feature, it quickly **removes stuck-on debris** before sucking it up and provides **optimal cleaning of the pool floor and walls**.

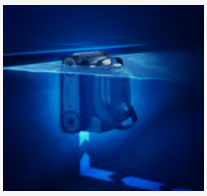

3 EFFORTLESS HANDLING

Its transparent window lets you **instantly check the amount of debris in the filter.** To make things easier for you, the **filter can be accessed from the top of the robot, making it very easy to clean** and helping you avoid any contact with debris.

Once the cleaning cycle has ended, the robotic cleaner stops next to a pool wall **for easier removal from the water** with a hook provided with the device.

FEATURES

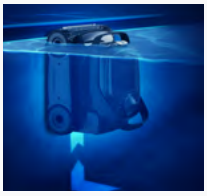

CLEANS FLOOR AND WALLS

The robot cleans the floor and the walls of the pool in a 2 hour-cycle.

INTUITIVE LED

Makes it possible to view the battery charge status and cycle status.

EASY DEVICE REMOVAL FROM THE WATER WITH A HOOK

To make it easier to remove the device from the water at the end of the cycle.

FOR WHICH TYPE OF POOL?

1. **FOR IN-GROUND AND ABOVE-GROUND POOLS**

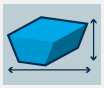

2. **POOLS WITH A FLAT BOTTOM AND GENTLE SLOPE**

3. **ALL COATINGS**

4. **SIZES UP TO 8 X 4 M**

TECHNICAL SPECIFICATIONS

Number of motors	2
Cleaner dimensions (W x D x H)	36 x 29 x 29 cm
Cleaner weight	6 Kg
Cleaning cycles	Floor and walls
Filter surface area	425 cm^2
Filter capacity	2 L
Filtration	Simple 150-µ filter
Suction inlet	17 cm
Battery	21.6 V / 5,1 Ah
Drive system	Caterpillar track
Transmission	Gears
Safety	Beach system, out-of-water safety, electronic motor protection

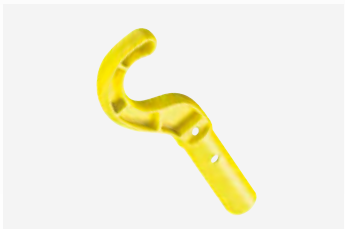

STANDARD FEATURES

Charger

Simple 150-µ filter

Floating ring
for removal from water

Universal hook
for removal from water

An **electric cordless robotic cleaner** featuring a lithium-ion battery for **autonomous pool cleaning** that does not require connection to the filtration system or a power outlet. It **brushes surfaces and collects debris** in its own filter canister.
