This 215L spill control pallet provides safety for personnel. In the event of accidental spillage, the operator does not come into contact with the product. Safe to handle thanks to the mechanical securing for drums (for the 2 and 4-drum models). Its design with flat panels enable easy access and cleaning. Easy drainage thanks to the 60mm diameter opening to house a suction pipe. Mechanical securing of drums provide safety in storage and transportation. Cleaning with high-pressure water systems is possible.
